

THE SAFETY CORNER

Tom Kelly

Hi Guys and Gals,

Well we all know it is May already, and May is Motorcycle Awareness Month!

We tried to get the word out for Cars to watch out for motorcycles, but it is riders that should always watch out for the cars. We need to all do our part to make other people aware of our presence! We need to continue to ride safe and do our part to make ourselves safe. Everyone continue to ride safe and remember to pass your and signals back, and DO NOT run red lights to keep up with the group!! The Road Captain will pull off so you can catch up.

Your Safety Officer,
Tom Kelly
